

PORT TOWNSEND SCHOOL DISTRICT

Staff Protocols

For All Personnel in Dealing with Inappropriate Behavior by Adults with Students

The purpose of this protocol is to provide all staff members with information regarding what is deemed appropriate and inappropriate behaviors in regards to student interactions, and to increase staff awareness of their role in protecting children from inappropriate conduct and sexual abuse by adults.

Since it may not be possible to determine whether boundary invasion behaviors are in fact sexual grooming until it is too late, boundary invasions behaviors engaged in by school employees, which are inappropriate or have questionable educational benefit, are prohibited.

APPLICABLE LAW

Washington State Law, RCW 28A.400.317 *Physical abuse or sexual misconduct by school employees* "Duty to Report" Training states that: A certificated or classified school employee who has knowledge or reasonable cause to believe that a student has been a victim of physical abuse or sexual misconduct by another school employee, shall report such abuse or misconduct to the appropriate school administrator.

If you become aware of an adult engaging in behavior with children at school which may be construed as inappropriate boundary invasion, or "sexual grooming behavior" you **must** report the matter immediately to your principal or the District Title IX Officer if the principal is somehow involved in the conduct.

The following behaviors of actions may be deemed inappropriate boundary invasion behavior:

♦ Taking an undue interest in a student (e.g.: having a "special" friend or a "special relationship" with a particular student).	♦ Favoring certain students by giving them special privileges.
♦ Intentionally allowing the student to get away with inappropriate behavior.	♦ Hugging, kissing, or other physical contact including when the student does not want this attention.
♦ Engaging in peer-like behavior with students.	♦ Touching students for no educational or health reasons (e.g.: being overly "touchy").
♦ Giving gifts or money to the student.	♦ Having personal secrets with a student.
♦ Initiating or extending contact with students beyond the school day and school approved activities.	♦ Taking the student on outings, away from protective adults, including personal outings.
♦ Visiting the student's home without supervisor's approval.	♦ Inviting individual students to the teacher's personal home.
♦ Being alone with the student behind closed doors at school.	♦ Talking to the student about the educational practitioner's personal problems.
♦ Talking to the student about the student's personal problems to the extent that the adult becomes a confidant of the student when it is not the adult's job to do so.	♦ Using email, text-messaging, social networking sites, or instant messaging to contact and/or discuss personal topics or interests with students.
♦ Giving students rides in staff member's personal vehicle in a non-emergency situation.	♦ Talking with a student about sexual topics that are not related to a specific curriculum.
♦ Showing pornography to the student.	♦ Telling sexual jokes to students.
♦ Engaging in talk with students containing sexual innuendo or banter.	♦ Invading the student's privacy (e.g.: walking in on the student in the bathroom).

Or any combinations of the above or similar conduct.

This list is not an exhaustive list. If a staff member engages in such behaviors, there may be great cause for concern based on the profiles of educators who became sexual abusers. **The bottom line is that such behaviors cross the line from professional and caring into personal and dangerous and with rare exceptions are not acceptable.**

Staff members who observe such conduct must understand that such behaviors are inappropriate and take action, in doing so they protect children, the staff member, and the profession.

STAFF DUTIES

Your role in preventing sexual abuse of students is two-fold: first, to avoid engaging in behaviors which could be mistaken for grooming behaviors; and second, to report situations where such behaviors take place.

1. *Do not engage in the behaviors* described above or behaviors like them. Keep your interactions with students on a professional level. If the students' needs are not met in the classroom, consult the building MTSS protocols for direction on how to obtain help for the student. Staff can be caring while maintaining an appropriate level of professional decorum.
2. *Report the Concern:* If a staff member observes any adult engaging in the behaviors described above with students, or in other behaviors which raise concerns, inform your principal or the appropriate person at the District Office at your earliest opportunity.

- a. Do not wait or mull things over or attempt to determine for yourself whether the behavior you have observed has a plausible, innocent explanation. You may not understand the entire situation, and allowing the conduct to continue could be bad for both the staff member and students.

- b. DO NOT confront or discuss the matter with the suspected individual. Do not inform the person of your concern, unless it is a situation where immediate intervention is necessary to protect a child.

Maintain Confidentiality. Failure to do so may impede official investigations and foster untrue rumors. You owe a legal duty of confidentiality to students on matters which a reasonable person would want to remain confidential. Therefore, you are directed not to tell your concerns to anyone other than the appropriate administrator, Child Protective Services or the police. If approached by anyone other than the appropriate administrator, CPS or the police, or a person conducting an official investigation on behalf of the District, you may not discuss the matter unless otherwise permitted in writing by the administrator in charge of the matter.

- c. If you desire, and it is possible and appropriate, confidentiality will be maintained about the report to administration.

- d. Document who you notified, where and when, and what you reported for your own records.

3. *RCW 26.44 Mandatory Reporting Duties for Educators:* Washington law requires educators to ensure that a report is made to the proper law enforcement agency of any situation where the educator has reasonable cause to believe that a child has suffered abuse or neglect.

- Failure to make such a report may constitute a gross misdemeanor and be punishable under law.
- Failure to report child abuse may also result in disciplinary action by the District.

Child abuse may include physical injury, sexual abuse, sexual exploitation, or negligent treatment or maltreatment. The report must be made at the educator's first opportunity, but in no case later than within 48 hours. Generally report intra-family abuse to Child Protective Services (866) 363-4276 (24-hr/7-day call center) and other abuse to law enforcement.

Please note that educators must also report the situation to an appropriate administrator and document action which has been taken to the Title IX Office.

4. If you observe misconduct between students, you shall take appropriate action to intervene. "They are not my students," "It's my lunch time," "It is the duty monitor's or principal's job," or "I am in a hurry" are unacceptable excuses for not intervening.

INSTRUCTION

Educational Technology

The Port Townsend School District board of directors recognizes that an effective public education system develops students who are globally aware, civically engaged, and capable of managing their lives and careers. The board also believes that students need to be proficient and safe users of information, media and technology to succeed in a digital world.

Therefore, the Port Townsend School District will use educational technology as a powerful and compelling means for students to learn core subjects and applied skills in relevant and rigorous ways. It is the district's goal to provide students with rich and ample opportunities to use technology for important purposes in schools just as individuals in workplaces and other real-life settings use these tools. The district's technology will enable educators and students to communicate, learn, share, collaborate and create, to think and solve problems, to manage their work and to take ownership of their lives.

The Port Townsend School District Board of Directors believes that learning will be transformed in schools when technology and other tools serve the individual learner in their everyday learning experiences. All learners (students and teachers) will have the tools, experience and creative frameworks necessary for authentic learning within a community context.

The board directs the superintendent or designee to create strong electronic educational systems that support innovative teaching and learning, to provide appropriate staff development opportunities, and to develop procedures to support this policy.

INSTRUCTION

Electronic Resources

K-20 Network Acceptable Use Guidelines/Internet Safety Requirements

These procedures are written to support the Electronic Resources Policy of the board of directors and to promote positive and effective digital citizenship among students and staff. Digital citizenship represents more than technology literacy. Successful, technologically fluent digital citizens live safely and civilly in an increasingly digital world. They recognize that information posted on the Internet is public and permanent and can have a long-term impact on an individual's life and career. Expectations for student and staff behavior online are no different than face-to-face interactions.

Network

The district network includes wired and wireless computers and peripheral equipment, files and storage, e-mail and Internet content (blogs, web sites, web mail, groups, wikis, etc.). The district reserves the right to prioritize the use of, and access to, the network.

Use of the network is intended to support education and research and be consistent with the mission of the district. Some personal use is permitted as long as such use does not violate PTSD's policies and does not interfere with school-related performance of job duties.

Acceptable network use by district students and staff includes:

- Creation of files, projects, videos, web pages and podcasts using network resources in support of educational research;
- Participation in blogs, wikis, bulletin boards, social networking sites and groups and the creation of content for podcasts, e-mail and web pages that support educational research;
- With parental permission, the online publication of original educational material, curriculum related materials and student work. Sources outside the classroom or school must be cited appropriately;
- Staff use of the network for incidental personal use in accordance with all district policies and guidelines;
- Physically connecting or attaching any computer, networking equipment or device to district technology via network ports and/or communications closets, by anyone other than a network technician or other individuals expressly authorized by the director of Educational Technology Services is prohibited. Unauthorized computer or networking equipment or components will be removed without notice and immediately investigated for security violations.

Unacceptable network use by district students and staff includes but is not limited to:

- Personal gain, commercial solicitation and compensation of any kind;
- Liability or cost incurred by the district;
- Downloading, installation and use of games, audio files, video files or other applications

(including shareware or freeware) without permission or approval from the technology director;

- Support or opposition for ballot measures, candidates and any other political activity;
- Use of email or other technology is intended for school-related communication and should avoid the promotion of personal interests and/or the solicitation of support for purchasing items such as, but not limited to: yard sales, Tupperware parties, Pampered Chef parties, holiday wreaths for service groups, etc.
- Hacking, cracking, vandalizing, the introduction of viruses, worms, Trojan horses, time bombs and changes to hardware, software and monitoring tools;
- Unauthorized access to other district computers, networks and information systems;
- Cyberbullying, hate mail, defamation, harassment of any kind, discriminatory jokes and remarks;
- Information posted, sent or stored online that could endanger others (e.g., bomb construction, drug manufacturing);
- Accessing, uploading, downloading, storage and distribution of obscene, pornographic or sexually explicit material; and
- Attaching unauthorized equipment to the district network. Any such equipment will be confiscated.

The district will not be responsible for any damages suffered by any user, including but not limited to, loss of data resulting from delays, non-deliveries, mis-deliveries or service interruptions caused by its own negligence or any other errors or omissions. The district will not be responsible for unauthorized financial obligations resulting from the use of, or access to, the district's computer network or the Internet.

Internet Safety

Personal Information and Inappropriate Content:

- Students and staff should not reveal personal information, including a home address and phone number, on web sites, blogs, podcasts, videos, wikis, email or as content on any other electronic medium.
- Students and staff should not reveal personal information about another individual on any electronic medium.
- No student pictures or names can be published on any class, school or district web site unless the appropriate permission has been verified according to district policy.
- If students encounter dangerous or inappropriate information or messages, they should notify the appropriate school authority.

Filtering and Monitoring

Filtering software is used to block or filter access to visual depictions that are obscene and all child pornography in accordance with the Children's Internet Protection Act (CIPA). Other

objectionable material could be filtered. The determination of what constitutes “other objectionable” material is a local decision.

- Filtering software is not 100% effective. While filters make it more difficult for objectionable material to be received or accessed, filters are not a solution in themselves. Every user must take responsibility for his or her use of the network and Internet and avoid objectionable sites;
- Any attempts to defeat or bypass the district’s Internet filter or conceal Internet activity are prohibited: proxies, https, special ports, modifications to district browser settings and any other techniques designed to evade filtering or enable the publication of inappropriate content;
- E-mail inconsistent with the educational and research mission of the district will be considered SPAM and blocked from entering district e-mail boxes;
- The district will provide appropriate adult supervision of Internet use. The first line of defense in controlling access by minors to inappropriate material on the Internet is deliberate and consistent monitoring of student access to district computers;
- Staff members who supervise students, control electronic equipment or have occasion to observe student use of said equipment online, must make a reasonable effort to monitor the use of this equipment to assure that student use conforms to the mission and goals of the district; and
- Staff must make a reasonable effort to become familiar with the Internet and to monitor, instruct and assist effectively.

Copyright

Downloading, copying, duplicating and distributing software, music, sound files, movies, images or other copyrighted materials without the specific written permission of the copyright owner is generally prohibited. However, the duplication and distribution of materials for educational purposes are permitted when such duplication and distribution fall within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC) and content is cited appropriately.

All student work is copyrighted. Permission to publish any student work requires permission from the parent or guardian.

Network Security and Privacy

Network Security

Passwords are the first level of security for a user account. System logins and accounts are to be used only by the authorized owner of the account for authorized district purposes. Students and staff are responsible for all activity on their account and must not share their account password.

The following procedures are designed to safeguard network user accounts:

- Change passwords according to district policy;
- Do not use another user’s account;

- Do not insert passwords into e-mail or other communications;
- If you write down your user account password, keep it in a secure location;
- Do not store passwords in a file without encryption;
- Do not use the “remember password” feature of Internet browsers; and
- Lock the screen, or log off, if leaving the computer.

Student Data is Confidential

District staff must maintain the confidentiality of student data in accordance with the Family Educational Rights and Privacy Act (FERPA).

No Expectation of Privacy

The district provides the network system, e-mail and Internet access as a tool for education and research in support of the district’s mission. The district reserves the right to monitor, inspect, copy, review and store, without prior notice, information about the content and usage of:

- The network;
- User files and disk space utilization;
- User applications and bandwidth utilization;
- User document files, folders and electronic communications;
- E-mail;
- Internet access; and
- Any and all information transmitted or received in connection with network and e-mail use.

No student or staff user should have any expectation of privacy when using the district’s network. The district reserves the right to disclose any electronic messages to law enforcement officials or third parties as appropriate. All documents are subject to the public records disclosure laws of the State of Washington.

Archive and Backup

Backup is made of all district e-mail correspondence for purposes of public disclosure and disaster recovery. Barring power outage or intermittent technical issues, staff and student files are backed up on district servers nightly – Monday through Friday. Refer to the district retention policy for specific records retention requirements.

Disciplinary Action

All users of the district’s electronic resources are required to comply with the district’s policy and procedures [and agree to abide by the provisions set forth in the district’s user agreement]. Violation of any of the conditions of use explained in the (district’s user agreement), Electronic Resources Policy or in these procedures could be cause for disciplinary action, including suspension or expulsion from school and suspension or revocation of network and computer access privileges.

PORT TOWNSEND SCHOOL DISTRICT NO. 50

STUDENTS

Sexual Harassment of Students Prohibited

This district is committed to a positive and productive education free from discrimination, including sexual harassment. This commitment extends to all students involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation or at a class or school training held elsewhere.

Definitions

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur adult to student, student to student, or can be carried out by a group of students or adults and will be investigated by the district even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees or third parties involved in school district activities.

The term “sexual harassment” may include:

- acts of sexual violence.
- unwelcome sexual or gender-directed conduct or communication that interferes with an individual’s educational performance or creates an intimidating, hostile, or offensive environment;
- unwelcome sexual advances;
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied condition of obtaining an educational benefit;
- sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual;

A “hostile environment” has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student’s ability to participate in or benefit from the school’s program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious.

Investigation and Response

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, it will promptly investigate to determine what occurred and take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and as appropriate, remedy its effects. The district will take prompt, equitable, and remedial action within its authority on reports, complaints, and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps every time a complaint alleging sexual harassment comes to the attention of the district, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child

abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff, or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Retaliation and False Allegations

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Staff Responsibilities

The superintendent will develop and implement formal and informal procedures for receiving, investigating, and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt timelines and delineate staff responsibilities under this policy.

Any school employee who witnesses sexual harassment or receives a report, informal complaint, or written complaint about sexual harassment is responsible for informing the district Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district's Title IX/Civil Rights Compliance Coordinator. In addition, reports of disability discrimination or harassment will also be referred to the district's Section 504 Coordinator.

District/school staff, including employees, contractors, and agents will not provide a recommendation of employment for an employee, contractor, or agent that the district/school, or the individual acting on behalf of the district/school, knows or has probable cause to believe, has engaged in sexual misconduct with a student or minor in violation of the law.

Notice and Training

The superintendent will develop procedures to provide age-appropriate information and education to district staff, students, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum sexual harassment recognition and prevention and the elements of this policy will be included in staff, student, and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, students, parents, volunteers, and visitors. Information about the policy and procedure will be clearly stated and conspicuously

posted throughout each school building, provided to each employee and reproduced in each student, staff, volunteer, and parent handbook. Such notices will identify the District's Title IX coordinator and provide contact information, including the coordinator's email address.

Policy Review

The superintendent will make an annual report to the board reviewing the use and efficacy of this policy and related procedures. Recommendations for changes to this policy, if applicable, will be included in the report. The superintendent is encouraged to involve staff, students, volunteers, and parents in the review process.

STUDENTS

Sexual Harassment of Students Prohibited

This procedure is intended to set forth the requirements of Policy 3205, including the process for a prompt, thorough, and equitable investigation of allegations of sexual harassment and the need to take appropriate steps to resolve such situations. If sexual harassment is found to have created a hostile environment, staff must take immediate action to eliminate the harassment, prevent its reoccurrence, and address its effects.

This procedure applies to sexual harassment (including sexual violence) targeted at students carried out by other students, employees or third parties involved in school district activities. Because students can experience the continuing effects of off-campus harassment in the educational setting, the district will consider the effects of off-campus conduct when evaluating whether there is a hostile environment on campus. The district has jurisdiction over these complaints pursuant to Title IX of the Education Amendments of 1972, Chapter 28A.640, RCW and Chapter 392-190 WAC.

Title IX Coordinator, Investigator, and Decision-maker

The district will designate and authorize one employee to act as “Title IX Coordinator” to coordinate the district’s state and federal sex discrimination and sexual harassment regulation compliance efforts. The decision-maker who reaches the final determination of responsibility for alleged Title IX sexual harassment will be the Superintendent or designee. The decision-maker cannot be the same person who serves as the Title IX Coordinator or the investigator of the Title IX complaint.

The Title IX coordinator’s name, title, office address, telephone number, and email address must be available on the district website; in handbooks/catalogs that are made available to staff, students, and parents; and in the district’s nondiscrimination statement.

Any individual designated as Title IX Coordinator, an investigator, or decision-maker, and any person who facilitates an informal resolution process must not have a conflict of interest or bias for or against the individual(s) who made the complaint (“complainant(s)”) or the individual(s) reported to be the perpetrator of the conduct that could constitute sexual harassment (“respondent(s)”) in general or individually, and must receive training on the following:

- The definition of sexual harassment under Title IX and state law;
- The scope of the district’s education program or activity;
- How to conduct an investigation and grievance process and informal resolution process;
- How to serve impartially;
- Their responsibilities in chapter WAC 392-190 WAC; and
- How to raise awareness of and eliminate bias based on sex, race, creed, religion, color, national origin, honorably discharged veteran or military status, sexual orientation, gender expression, gender identity, the presence of any sensory, mental or physical disability, or the use of a trained dog guide or service animal.

District investigators must also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

District decision-makers must also receive training on any technology to be used during hearings if the district provides for a hearing, and on issues of relevance of questions and evidence, including the requirement that questions and evidence about a complainant's sexual predisposition or prior sexual conduct are not relevant unless 1) such questions and evidence is offered to prove that someone other than the respondent committed the alleged conduct or 2) questions and evidence concerning specific incidents of the complainant's prior sexual behavior with respect to the respondent is offered to prove consent.

Any training materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process must not rely on sex stereotypes and must promote impartial investigations and adjudications of complaints. The district shall maintain for a period of seven (7) years records of any informal resolution and the result; and all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, and make such materials available on the district's website.

Notice of Sexual Harassment Policy and Procedure

- Information about the district's sexual harassment policy and complaint procedure will be easily understandable and conspicuously posted throughout each school building, and be reproduced in each student, staff, volunteer and parent handbook. This notice will be provided in a language that each parent and guardian can understand.
- In addition to the posting and reproduction of this procedure and Policy 3205, the district will provide annual notice to employees that complaints pursuant to this procedure may be filed at 1610 Blaine Street, Port Townsend, WA.

Responding to Notice of Sexual Harassment

The district is on notice and required to take action when any employee knows, or in the exercise of reasonable care should know, about possible sexual harassment. This includes informal and formal reports made to any staff member.

Upon notice of possible sexual harassment, staff will always notify the Title IX Coordinator. In addition, in the event of an alleged sexual assault, the school principal will immediately inform law enforcement and notify the targeted student(s) and their parents/guardians of their right to file a criminal complaint and a sexual harassment complaint simultaneously.

Once the district is on notice of possible sexual harassment, the Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. Additionally, staff will also inform an appropriate supervisor or professional staff member when they receive complaints of sexual harassment, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

Supportive measures must be offered to the complainant, before or after the filing of a formal complaint, or where no formal complaint has been filed. Supportive measures may also be provided to the respondent. Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or respondent. Supportive measures should be designed to restore or preserve access to the District's education program or activity without unreasonably burdening the other party.

Supportive measures may include:

- An opportunity for the complainant to explain to the alleged harasser that their conduct is unwelcome, offensive or inappropriate, either in writing or face-to-face;
- A statement from a staff member to the alleged harasser that the alleged conduct is not appropriate and could lead to discipline if proven or repeated;
- A general public statement from an administrator in a building reviewing the district sexual harassment policy without identifying the complainant;
- Developing a safety plan;
- Modifications of work or class schedules;
- Mutual restrictions on contact between the parties;
- Increased security and monitoring of certain areas of the campus or school building, or
- Providing staff and/or student training.

In response to notice of sexual harassment, the district will take prompt and appropriate action to investigate and take prompt and effective steps reasonably calculated to end harassment, eliminate the hostile environment, prevent its recurrence, and as appropriate, remedy its effects.

The district will inform the complainant and their parent/guardian how to report any subsequent problems. Additionally, the district will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

A complainant may file a formal complaint at any time while receiving supportive measures. A complainant, their parent or guardian, or the Title IX Coordinator may file a formal complaint because, for example, they feel the complaint needs to be more thoroughly investigated or discipline may be warranted for individuals alleged to have engaged in sexually harassing conduct.

Confidentiality

- The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures.
- If a complainant requests that his or her name not be revealed to the alleged perpetrator or asks that the district not investigate or seek action against the alleged perpetrator, the request will be forwarded to the Civil Rights Coordinator for evaluation.

- The Civil Rights Coordinator should inform the complainant that honoring the request may limit its ability to respond fully to the incident, including pursuing disciplinary action against the alleged perpetrator.
- If the complainant still requests that their name not be disclosed to the alleged perpetrator or that the district not investigate or seek action against the alleged perpetrator, the district will need to determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students, staff, and other third parties engaging in district activities, including the person who reported the sexual harassment. Although a complainant's request to have his or her name withheld may limit the district's ability to respond fully to an individual allegation of sexual harassment, the district will use other appropriate means available to address the sexual harassment.

Retaliation

Title IX and state law prohibit retaliation against any individual who files a complaint under these laws or participates in a complaint investigation. When an informal or formal complaint of sexual harassment is made, the district will take steps to stop further harassment and prevent any retaliation against the person who made the complaint, was the subject of the harassment, or against those who provided information as a witness. The district will investigate all allegations of retaliation and take actions against those found to have retaliated.

Formal Complaint Process

Level One – Complaint to District

Anyone may initiate a formal complaint of sexual harassment, even if the informal complaint process is being utilized.

Filing of Complaint

- All formal complaints will be in writing and will set forth the specific acts, conditions or circumstances alleged to have occurred and to constitute sexual harassment. The Title IX Coordinator may draft the complaint based on the report of the complainant for the complainant to review and approve. The Title IX Coordinator may also conclude that the district needs to conduct an investigation based on information in their possession, regardless of the complainant's interest in filing a formal complaint.
- The time period for filing a complaint is one year from the date of the occurrence that is the subject matter of the complaint. However, a complaint filing deadline may not be imposed if the complainant was prevented from filing due to: 1) Specific misrepresentations by the district that it had resolved the problem forming the basis of the complaint; or 2) Withholding of information that the district was required to provide under WAC 392-190-065 or WAC 392-190-005.
- Complaints may be submitted by mail, fax, e-mail or hand-delivery to the district Title IX Coordinator. Any district employee who receives a complaint that meets these criteria will promptly notify the Coordinator.

Determining Whether to Incorporate Additional Title IX Complaint Procedures

The Title IX Coordinator will assess whether a formal complaint of sexual harassment meets the criteria for a Title IX complaint. If so, the district will implement investigation and response procedures under state law, as well as the following additional procedures as required by Title IX regulations.

Under Title IX, the term “sexual harassment” means:

- an employee of the district conditioning the provision of an aid, benefit, or service on an individual’s participation in unwelcome sexual conduct;
- conduct that creates a “hostile environment,” meaning unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the education program or activity; or
- “sexual assault,” as defined in 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

The district will implement additional Title IX procedures in response to a sexual harassment complaint when the alleged conduct constitutes sexual harassment as defined by Title IX regulations, and:

- The written complaint is filed by the complainant of the alleged sexual harassment, by the complainant’s legal guardian, or by the Title IX Coordinator;
- The complaint requests that the district investigate the allegation(s) of sexual harassment, as defined under Title IX regulations;
- The complaint is against a named respondent who, at the time of the alleged harassment, was under the control of the school district (such as a student, employee, or volunteer);
- The alleged sexually harassing conduct occurred in the United States; and
- The complainant is participating in or attempting to participate in the district’s educational program or activity at the time.

If the formal complaint is determined to meet the criteria for a Title IX complaint, the district will conduct the investigation implementing the additional Title IX procedures. **Skip to *Standard Complaint Process with Additional Title IX Requirements.***

If the formal complaint is determined not to meet the criteria for a Title IX complaint, the district will conduct the investigation without implementing the additional Title IX procedures. **Continue to *Standard Complaint Process.***

STANDARD COMPLAINT PROCESS

Acknowledging a Complaint - *Standard Complaint Process*

- Upon receipt of a complaint, the Coordinator will provide the complainant a copy of this procedure in a language the complainant can understand.

Investigating a Formal Complaint - *Standard Complaint Process*

- Investigations will be carried out in a manner that is prompt, thorough, reliable, and impartial. During the investigation process, the complainant and respondent(s), if the

complainant has identified an accused harasser(s), will have an equal opportunity to present witnesses and relevant evidence. Complainants, respondents, and witnesses may have a trusted adult with them during any district-initiated investigatory activities. The school district and complainant may also agree to resolve the complaint in lieu of an investigation.

- When the investigation is completed, the investigator will compile a full written report of the complaint and the results of the investigation.

Mediation - Standard Complaint Process

At any time during the complaint procedure set forth in WAC 392-190-065 through 392-190-075, a district may, at its own expense, offer mediation. The complainant and the district may agree to extend the complaint process deadlines in order to pursue mediation.

The purpose of mediation is to provide both the complainant and the district an opportunity to resolve disputes and reach a mutually acceptable agreement through the use of an impartial mediator. Mediation must be voluntary and requires the mutual agreement of both parties. It may be terminated by either party at any time during the mediation process. It may not be used to deny or delay a complainant's right to utilize the complaint procedures.

Mediation must be conducted by a qualified and impartial mediator who may not:

- 1) Be an employee of any school district, public charter school, or other public or private agency that is providing education related services to a student who is the subject of the complaint being mediated; or 2) Have a personal or professional conflict of interest. A mediator is not considered an employee of the district or charter school or other public or private agency solely because he or she serves as a mediator.

If the parties reach agreement through mediation, they may execute a legally binding agreement that sets forth the resolution and states that all discussions that occurred during the course of mediation will remain confidential and may not be used as evidence in any subsequent complaint, due process hearing or civil proceeding. The agreement must be signed by the complainant and a district representative who has authority to bind the district.

Superintendent's Response to a Formal Complaint - Standard Complaint Process

- The superintendent or their designee will respond in writing to the complainant and the respondent within thirty (30) calendar days of receipt of the complaint, unless otherwise agreed to by the complainant or if exceptional circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the district will notify the parties in writing of the reason for the extension and the anticipated response date. At the time the district responds to the complainant, the district must send a copy of the response to the office of the superintendent of public instruction.
- The response of the superintendent or designee will include: 1) a summary of the results of the investigation; 2) a statement as to whether a preponderance of the evidence establishes that the complainant was sexually harassed; 3) if sexual

harassment is found to have occurred, the corrective measures the district deems necessary, including assurance that the district will take steps to prevent recurrence and remedy its effects on the complainant and others, if appropriate; 4) notice of the complainant's right to appeal to the school board and the necessary filing information; and 5) any corrective measures the district will take, remedies for the complainant (e.g., sources of counseling, advocacy and academic support), and notice of potential sanctions for the perpetrator(s) (e.g., discipline).

- The superintendent's or designee's response will be provided in a language the complainant can understand and may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act of 1964. If the complaint alleges discriminatory harassment by a named respondent or respondent(s), the coordinator will provide the respondent(s) with notice of the outcome of the investigation and notice of their right to appeal any discipline or corrective action imposed by the district.
- Any corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty (30) days after the superintendent's mailing of a written response, unless the accused is appealing the imposition of discipline and the district is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded. Staff may also pursue complaints through the appropriate collective bargaining agreement process or anti-discrimination policy.
- The district will inform the complainant and their parent/guardian how to report any subsequent problems. Additionally, the district will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

Resume “Standard Complaint Process” at Level Two - Appeal to Board of Directors.

STANDARD COMPLAINT PROCESS WITH ADDITIONAL TITLE IX REQUIREMENTS

The following sections outline the process the district will take to respond to complaints of sexual harassment under state law and Title IX.

Acknowledging a Formal Title IX Complaint

The Title IX Coordinator will receive and investigate all formal, written complaints of sexual harassment or information in the coordinator's possession that they believe requires further investigation. The Coordinator will delegate their authority to participate in this process if such action is necessary to avoid any potential conflicts of interest. Upon receipt of a complaint, the Coordinator will offer supportive measures to both parties.

The district will acknowledge receipt of the formal complaint by providing the following written notice to the respondent(s) and complainant:

- A copy of the school's discrimination complaint procedure in a language the parties can understand.
- Notice of the allegations of sexual harassment with sufficient time for the parties to prepare a response before any initial interview and with sufficient detail. Such sufficient detail includes the identities of the parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known.
- Notice that the parties may have an advisor of their choice who may be an attorney or non-attorney, and who may inspect and review evidence of the alleged sexual harassment.
- Notice that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility for alleged sexual harassment is made at the conclusion of the grievance process.
- Notice of any provision in student conduct policies and procedures that prohibits false statements or submitting false information.

Investigation of a Title IX Formal Complaint

The district must investigate allegations contained in a formal complaint. If the conduct alleged would not constitute sexual harassment under Title IX regulations even if proved, did not occur in the district's education program or activity, or did not occur against a person in the United States, then the district must dismiss the formal complaint under Title IX. Such dismissal does not preclude action under another provision of district policy or procedure or under sexual harassment investigation procedures as required by state law (*See Standard Complaint Process*).

The district adopts preponderance of the evidence/clear and convincing evidence as the standard or proof it will use in reaching decisions regarding complaints.

The district's investigation of a Title IX complaint must:

- Include a prompt and thorough investigation into the allegations in the complaint.
- Ensure that the district bears the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility for the alleged sexual harassment. The district may not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting or assisting in their professional capacity and made and maintained in connection with the provision of treatment to the party unless the district obtains the party's voluntary, written consent to do so.
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding; including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be an attorney or non-

attorney. The district will apply any restrictions regarding the extent to which an advisor may participate equally to both parties;

- Provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all hearings, interviews, or other meetings, with sufficient time for the parties to prepare to participate;
- Prior to the completion of an investigative report, provide an equal opportunity for the parties to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. This includes evidence that the district does not intend to rely on in reaching a determination of responsibility for the alleged sexual harassment, regardless of the source of the evidence. The parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completion of the investigative report.
- At least ten (10) days prior to a determination regarding responsibility, create an investigative report that fairly summarizes relevant evidence, and send the investigative report in an electronic or hard copy format to each party and each party's advisor for their review and written response.
- After transmitting the investigative report to the parties, but before reaching a final determination regarding responsibility, the decision maker must give each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant unless they are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or unless they concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker must explain to the party proposing the questions any decision to exclude a question as not relevant.

The district's Title IX investigative and grievance process is not required to include investigative hearings.

Discipline and Emergency Removals for Alleged Sexual Harassment under Title IX

A respondent who is accused of sexual harassment under Title IX is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process. The school district may not impose any disciplinary sanctions, or other actions that are not supportive measures, against the respondent until the district has determined the respondent was responsible for the sexual harassment at the conclusion of the grievance process.

These additional Title IX sexual harassment procedures do not preclude a school district from removing a student from school on an emergency basis consistent with Policy and Procedure 3241 – Student Discipline and the associated student discipline regulations for emergency expulsion.

Title IX Informal Resolution Process

At any time prior to a determination in a formal Title IX complaint, the district may permit a complainant to waive the formal complaint grievance process in favor of an informal resolution process not involving a full investigation and adjudication, provided that the district obtains the parties' voluntary, written consent; the district does not offer informal resolution of sexual harassment allegations against a respondent who is an employee of the district, the district provide reasonably prompt time frames for the informal resolution process; and the district provides the parties with written notice disclosing the allegations, the requirements for the informal resolution process, and the circumstances in which the parties would be precluded from continuing with a formal resolution process for the same allegations.

A party has the right to withdraw from the informal resolution process and resume the formal Title IX grievance process at any time prior to agreeing to a resolution. The district may not require the waiver of the right to an investigation and adjudication of formal complaints of sexual harassment under Title IX as a condition of enrollment, employment, or enjoyment of any other right, nor may the district require the parties to participate in an informal resolution process. The district will not offer an information resolution process unless a formal complaint is filed.

Superintendent's Response to a Formal Title IX Complaint

At the conclusion of the investigation, the decision-maker (superintendent or designee) must issue a written determination of responsibility regarding the alleged sexual harassment within thirty (30) calendar days of receipt of the complaint, unless otherwise agreed to by the complainant or if exceptional circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the district will notify the parties in writing of the reason for the extension and the anticipated response date.

The superintendent's written determination must be issued to the parties simultaneously and must include the following:

- Identification of the allegations potentially constituting sexual harassment under Title IX regulations;
- A description of the procedural steps taken from the time of the district's receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings supporting the determination;
- A summary of the results of the investigation
- Conclusions regarding the application of the district's code of conduct policies to the facts;
- A statement as to whether a preponderance of the evidence establishes that the complainant was sexually harassed;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary or other sanctions imposed on

- the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- If sexual harassment is found to have occurred, the corrective measures the district deems necessary, including assurance that the district will take steps to prevent recurrence and remedy its effects on the complainant and others, if appropriate; and
 - Notice of the parties' right to appeal to the school board and the necessary filing information.

The superintendent's or designee's response will be provided in a language the complainant can understand and may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act of 1964.

At the time the district responds to the parties, the district must send a copy of the response to the office of the superintendent of public instruction.

Any corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty (30) days after the superintendent's mailing of a written response, unless the accused is appealing the imposition of discipline and the district is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded. Staff may also pursue complaints through the appropriate collective bargaining agreement process or anti-discrimination policy. **Continue "State Complaint Process with Additional Title IX Requirements" at Level Two - Appeal to Board of Directors.**

Level Two - Appeal to Board of Directors

Notice of Appeal and Hearing

- If the complainant or respondent(s) with the superintendent's or designee's written decision, the disagreeing party may appeal the decision to the district board of directors, by filing a written notice of appeal with the secretary of the board within ten (10) calendar days following the date upon which the complainant received the response.
- If the complaint involves a named respondent, the District will implement appeal procedures equally for both parties and provide written notice to the other party when an appeal is filed.
- The district will ensure that the decision-maker for the appeal is not the same decision-maker who reached the determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
- The district will ensure that the decision-maker for the appeal has received the training required for decision-makers as required by this procedure.
- The board will schedule a hearing to commence by the twentieth (20th) calendar day following the filing of the written notice of appeal, unless otherwise agreed to by the complainant and the superintendent or for good cause.
- Both parties will be allowed a reasonable, equal opportunity to submit a written statement in support of or challenging the outcome of the initial determination.

Board Decision

- Unless otherwise agreed to by the complainant, the board will render a written decision within thirty (30) calendar days following the filing of the notice of appeal and provide the complainant with a copy of the decision.
- The written decision will describe the result of the appeal and the rationale for the result.
- The decision will include notice of the complainant's right to appeal to the Superintendent of Public Instruction and will identify where and to whom the appeal must be filed. The district will send a copy of the appeal decision to the office of the superintendent of public instruction.
- The decision will be provided in a language that the complainant can understand, which may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act.

Level Three - Complaint to the Superintendent of Public Instruction

Filing of Complaint

- If a complainant disagrees with the decision of the board of directors, or if the district fails to comply with this procedure, the complainant may file a complaint with the superintendent of public instruction.
- A complaint must be received by the Superintendent of Public Instruction on or before the twentieth (20) calendar day following the date upon which the complainant received written notice of the board of directors' decision, unless the Superintendent of Public Instruction grants an extension for good cause. Complaints may be submitted by mail, fax, electronic mail, or hand delivery.
- A complaint must be in writing and include: 1) A description of the specific acts, conditions or circumstances alleged to violate applicable anti-sexual harassment laws; 2) The name and contact information, including address, of the complainant; 3) The name and address of the district subject to the complaint; 4) A copy of the district's complaint and appeal decision, if any; and 5) A proposed resolution of the complaint or relief requested. If the allegations regard a specific student, the complaint must also include the name and address of the student, or in the case of a homeless child or youth, contact information.

Investigation, Determination and Corrective Action

- Upon receipt of a complaint, the Office of the Superintendent of Public Instruction may initiate an investigation, which may include conducting an independent on-site review. OSPI may also investigate additional issues related to the complaint that were not included in the initial complaint or appeal to the superintendent or board.
- Following the investigation, OSPI will make an independent determination as to whether the district has failed to comply with RCW 28A.642.010 or Chapter 392-190, WAC and will issue a written decision to the complainant and the district that addresses each allegation in the complaint and any other noncompliance issues it has identified. The written decision will include corrective actions deemed necessary to correct noncompliance and documentation the district must provide to demonstrate that

corrective action has been completed.

- All corrective actions must be completed within the timelines established by OSPI in the written decision unless OSPI grants an extension. If timely compliance is not achieved, OSPI may take action including but not limited to referring the district to appropriate state or federal agencies empowered to order compliance.

A complaint may be resolved at any time when, before the completion of the investigation, the district voluntarily agrees to resolve the complaint. OSPI may provide technical assistance and dispute resolution methods to resolve a complaint.

Level Four - Administrative Hearing, State Requirement

A complainant or school district that desires to appeal the written decision of the Office of the Superintendent of Public Instruction may file a written notice of appeal with OSPI within thirty (30) calendar days following the date of receipt of that office's written decision. OSPI will conduct a formal administrative hearing in conformance with the Administrative Procedures Act, Chapter 34.05, RCW.

Investigation Recordkeeping

The district will maintain, for a period of seven (7) years, records of all sexual harassment investigations.

The district will maintain, for a period of seven (7) years, records of each Title IX sexual harassment investigation, including any determination regarding responsibility and any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant; and any appeal from the result of a determination regarding responsibility.

The district will maintain, for a period of seven (7) years, records of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment under Title IX.

Training and Orientation

A fixed component of all district orientation sessions for staff, students and regular volunteers will introduce the elements of this procedure and the corresponding policy. Staff will be provided information on recognizing and preventing sexual harassment. Staff will be fully informed of their responsibilities when on notice of sexual harassment, of the formal complaint procedures and their roles and responsibilities under the policy and procedure.

Certificated staff will be reminded of their legal responsibility to report suspected child abuse, and how that responsibility may be implicated by some allegations of sexual harassment. Regular volunteers will get the portions of this component of orientation relevant to their rights and responsibilities.

Students will be provided with age-appropriate information on the recognition and prevention of sexual harassment and their rights and responsibilities under this and other district policies and rules at student orientation sessions and on other appropriate occasions, which may include parents.

As part of the information on the recognition and prevention of sexual harassment staff, volunteers, students and parents will be informed that sexual harassment may include, but is not limited to:

- Demands for sexual favors in exchange for preferential treatment or something of value;

Policy and Procedure Review

Annually, the superintendent or designee will convene an ad hoc committee composed of representatives of certificated and classified staff, volunteers, students and parents to review the use and efficacy of this policy and procedure. The compliance officer will be included in the committee. Based on the review of the committee, the superintendent will prepare a report to the board including, if necessary, any recommended policy changes. The superintendent will consider adopting changes to this procedure if recommended by the committee.

STUDENTS

Child Abuse, Neglect, and Exploitation- Prevention

Child abuse, neglect and exploitation are violations of children's human rights and an obstacle to their educational development. The Board directs that staff shall be alert for any evidence of child abuse, neglect or exploitation.

For purposes of this policy, the term "child" means anyone under the age of 18 and/or any current student of the district, including home-schooled students or any other person classified as a student in the district's database.

"Child abuse, neglect, or exploitation" means:

- A. Inflicting physical injury on a child by other than accidental means, causing death, disfigurement, skin bruising, impairment of physical or emotional health, or loss or impairment of any bodily function;
- B. Creating a substantial risk of physical harm to a child's bodily functioning;
- C. Attempting, committing, or allowing any sexual offense against a child as defined in the criminal code. This definition also includes any communications with a child for immoral purposes or viewing, possessing, or distributing any sexually explicit images of a child. It also includes intentionally contacting, directly or through the clothing, the genitals, anus or breasts of a child unless the contact is necessary for the child's hygiene or health care. This also includes a child's intentional or coerced contact with anyone's genitals, anus, or breasts;
- D. Committing acts that are cruel or inhumane regardless of observable injury. These acts may include, but are not limited to, instances of extreme discipline demonstrating a disregard of a child's pain or mental suffering;
- E. Assaulting or criminally mistreating a child as defined by the criminal code;
- F. Failing to provide food, shelter, clothing, supervision or health care necessary to a child's health or safety;
- G. Engaging in actions or omissions resulting in a substantial risk to the physical or mental health or development of a child; or
- H. Failing to take reasonable steps to prevent the occurrence of the preceding actions.

Children (including other students), family members, and any other adult can engage in child abuse, neglect, or exploitation. This may include incidents of student on student misconduct. Staff should report all incidents of abuse regardless of the age of the person who engages in it.

Subject to the definition above, staff should not focus on a person's mental status to determine if she or he has committed child abuse, neglect, or exploitation. The law governing mandated reporting does not allow for exceptions for people with medical conditions that may mitigate the intent for committing child abuse, neglect, or exploitation.

When feasible, the district will provide community education programs for prospective parents, foster parents and adoptive parents on parenting skills and on the problems of child abuse and

methods to avoid child abuse situations. The district will also encourage staff to participate in in-service programs that address the issues surrounding child abuse.

The Superintendent will develop reporting procedures and provide them to all staff on an annual basis. The purpose is to identify and timely report all evidence of child abuse, neglect or exploitation to the proper authorities. Staff will receive training regarding reporting obligations during their initial orientation and every three years after initial employment.

All staff are responsible for reporting all suspected cases of child abuse, neglect, and exploitation to the proper authorities and/or the appropriate school administrator. Under state law, staff are free from liability for reporting a reasonable suspicion of child abuse, neglect, or exploitation. However, failing to report the incident may result in criminal liability regardless of whether the authorities determine the incident is provable in a subsequent legal proceeding.

Staff need not verify a report that a child has been abused, neglected, or exploited. Any conditions or information that may be reasonably related to abuse, neglect, or exploitation should be reported. Legal authorities have the responsibility for investigating each case and taking appropriate action under the circumstances.

PORT TOWNSEND SCHOOL DISTRICT NO. 50

STUDENTS

Child Abuse, Neglect, and Exploitation Prevention

Each school principal shall develop and implement an instructional program that will teach students:

- A. How to recognize the factors that may cause people to abuse, neglect, or exploit children;
- B. How one may protect oneself from incurring these forms of maltreatment; and,
- C. What resources are available to assist an individual who does or may encounter an abuse situation.

To facilitate such a program, staff development activities may include such topics as:

- A. Child growth and development;
- B. Identification of child abuse, neglect, and exploitation;
- C. Effects of child maltreatment on child growth and development;
- D. Personal safety as it relates to potential child abuse, neglect, and exploitation;
- E. Parenting and supervision skills;
- F. Life situations/stressors which may lead to child maltreatment; or
- G. Substance abuse.

Reporting Responsibilities

Staff are expected to report every instance of suspected child abuse, neglect, or exploitation. Since protection of children is the paramount concern, staff should discuss any suspected evidence with the principal, nurse, or supervisor regardless of whether the condition is listed among the indicators of abuse or neglect.

Staff are reminded of their obligation as district employees to report suspected child abuse, neglect, or exploitation. Professional staff are reminded of their legal obligation to report these incidents. Staff are also reminded of their immunity from potential liability for doing so. The following procedures are to be used in reporting instances of suspected child abuse, neglect, or exploitation:

- A. When there is reasonable cause to believe that a student has suffered abuse, neglect, or exploitation staff or the principal will immediately contact the nearest office of the Child Protective Services (CPS) of the Department of Social and Health Services (DSHS). If the situation is urgent and CPS cannot immediately respond, staff will immediately contact the local law enforcement agency. This contact must be made within forty-eight (48) hours. Staff will also advise the principal or supervisor regarding instances of suspected abuse, neglect, or exploitation as well as reports that have been made to CPS or law enforcement. In his/her absence the report will be made to the nurse or counselor.

A staff member may contact CPS to determine if a report should be made. The Child Protective Service has the responsibility of determining the fact of child abuse or neglect. Any doubt about the child's condition will be resolved in favor of making the report.

- B. A written report shall be submitted promptly to the agency to which the report was made. The report will include:
1. The name, address and age of the child;
 2. The name and address of the parent or person having custody of the child;
 3. The nature and extent of the suspected abuse or neglect;
 4. Any evidence of previous abuse or any other information that may relate to the cause or extent of the abuse or neglect; and
 5. The identity, if known, of the person accused of inflicting the abuse.
- C. When the district receives a report that a school employee has committed an act of sexual misconduct, it will notify the parents of the alleged victim within forty-eight (48) hours.

Abuse Indicators

Physical abuse indicators:

- A. Bilateral bruises, extensive bruises, bruises of different ages, patterns of bruises caused by a particular instrument (belt buckle, wire, straight edge, coat hanger, etc.) or unreasonable use of force (grabbing, pinching, dragging, and/or other unapproved forms of restraint);
- B. Burn patterns consistent with forced immersion in a hot liquid (a distinct boundary line where the burn stops), burn patterns consistent with a spattering by hot liquids, patterns caused by a particular kind of implement (electric iron, etc.) or instrument (circular cigarette burns, etc.);
- C. Lacerations, welts, abrasions;
- D. Injuries inconsistent with information offered by the child;
- E. Injuries inconsistent with the child's age; or
- F. Injuries that regularly appear after absence or vacation.

Emotional Abuse Indicators:

Child abuse as defined by the statutes can be inflicted "by any person" and may include student-on-student abuse. These cases also require reporting to CPS, or law enforcement.

Staff members are advised to complete form 3421F for their own records.

Regulation of Dangerous Weapons on School Premises

It is a violation of district policy and state law for any person to carry a firearm or dangerous weapon on school premises, school-provided transportation, or areas of other facilities being used exclusively for school activities, except as noted below. Carrying a dangerous weapon onto school premises, school-provided transportation, or areas of other facilities being used exclusively for school activities in violation of RCW 9.41.280 is a criminal offense.

The superintendent is directed to see that all school facilities post “Gun-Free Zone” signs, and that all violations of this policy and RCW 9.41.280 are reported annually to the Superintendent of Public Instruction.

Dangerous Weapons

The term “dangerous weapons” under state law includes:

- Any firearm;
- Any device commonly known as “nun-chu-ka sticks,” consisting of two or more length of wood, metal, plastic, or similar substance connected with wire, rope, or other means;
- Any device, commonly known as “throwing stars,” which are multi-pointed, metal objects designed to embed upon impact from any aspect;
- Any air gun, including any air pistol or air rifle, designed to propel a BB, pellet, or other projectile by the discharge of compressed air, carbon dioxide, or other gas;
- Any portable device manufactured to function as a weapon and which is commonly known as a stun gun, including a projectile stun gun which projects wired probes that are attached to the device that emit an electrical charge designed to administer to a person or an animal an electric shock, charge, or impulse;
- Any device, object, or instrument which is used or intended to be used as a weapon with the intent to injure a person by an electric shock, charge, or impulse;
- The following instruments:
 - Any dirk or dagger;
 - Any knife with a blade longer than three inches;
 - Any knife with a blade which is automatically released by a spring mechanism or other mechanical device;

- Any object other than those listed above which is used in a manner to intimidate, threaten, or injure another person and is capable of easily and readily producing such injury.

Reporting Dangerous Weapons

An appropriate school authority will promptly notify the student's parents or guardians and the appropriate law enforcement agency of known or suspected violations of this policy. Students who violate this policy will be subject to discipline. Students who have possessed a firearm on any school premises, school-provided transportation, or school-sponsored activities at any facility will be expelled for not less than one year pursuant to RCW 28A.600.420. The superintendent may modify the one-year expulsion for a firearm on a case-by-case basis.

The district may also suspend or expel a student for up to one year if the student acts with malice (as defined under RCW 9A.04.110) and displays a device that appears to be a firearm.

No expulsion under RCW 28A.600.420 prevents the district from continuing to provide educational services in an alternative educational setting in compliance with RCW 28A.600.015. Any alternative setting should be comparable, equitable, and appropriate to the regular education services a student would have received without the exclusionary discipline. Example alternative settings include one-on-one tutoring and online learning.

Exceptions to State Law and this Policy

The following persons may carry firearms into school buildings, as necessary, although students engaged in these activities are restricted to the possession of rifles on school premises:

- B. Persons conducting legitimate business at the school and in lawful possession of a firearm or dangerous weapon if the weapon is secured within an attended vehicle, is unloaded and secured in a vehicle, or is concealed from view in a locked, unattended vehicle.

Persons may bring dangerous weapons, other than firearms, onto school premises if the weapons are lawfully within the person's possession and are to be used in a school-authorized martial arts class.

Personal Protection Spray

Persons over eighteen (18) years of age and persons between fourteen (14) and eighteen (18) years of age with written parental or guardian permission may possess personal protection spray devices on school property. No one under eighteen (18) years of age may deliver such devices, nor may anyone eighteen (18) years or older deliver a spray device to anyone under fourteen (14) or to anyone between fourteen (14) and eighteen (18) who does not have parental permission.

Students who violate this policy are subject to district discipline policies, including the due process provisions regarding notification of parents/guardians. Students who violate the firearms provisions are subject to a minimum one calendar year expulsion, with possible case-by-case modification by the Superintendent. The district will also comply with federal protections for disabled students in the application of this policy.

Personal protection spray devices may not be used other than in self-defense as defined by state law. Possession, transmission or use of personal protection spray devices under any other circumstances is a violation of district policy.

School officials will notify the appropriate law enforcement agency of known or suspected violations of this policy. Students who violate this policy will be subject to discipline, including a one-year expulsion for a violation involving a firearm.

SEXUAL HARASSMENT

The District is committed to a positive and productive education and working environment free from discrimination, including sexual harassment. The District prohibits sexual harassment of students, employees and others involved in school district activities.

Sexual harassment occurs when:

- A. Submitting to the harasser's sexual demands is a stated or implied condition of obtaining an education or work opportunity or other benefit;
- B. Submission to or rejection of sexual demands is a factor in an academic, work or other school-related decision affecting an individual; or
- C. Unwelcome sexual or gender-directed conduct or communication interferes with an individual's performance or creates an intimidating, hostile or offensive environment.

Sexual harassment can occur adult-to-student, student-to-adult, student-to-student, adult-to-adult.

The District will take prompt, equitable, and remedial action within its authority on reports, complaints, and grievances alleging sexual harassment that come to the attention of the District, either formally or informally. Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Persons found to have been subjected to sexual harassment will have appropriate school district services made reasonably available to them and adverse consequences of the harassment shall be reviewed and remedied, as appropriate.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff, and contractors. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The District will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

The superintendent will develop and implement formal and informal procedures for receiving, investigating, and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy. All staff are responsible for receiving informal complaints and reports of sexual harassment and informing appropriate District personnel of the complaint or report for investigation and resolution. All staff are also responsible for directing complainants to the formal complaint process.

The superintendent will develop procedures to provide age-appropriate information and education to district staff, students, parents/guardians and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum, sexual harassment recognition

and prevention and the elements of this policy will be included in staff, student, and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, students, parents/guardians, volunteers, and visitors. The policy and procedure will be reproduced in each student, staff, volunteer, and parent/guardian handbook.

The superintendent will make an annual report to the board reviewing the use and efficacy of this policy and related procedures. Recommendations for changes to this policy, if applicable, shall will be included in the report. The superintendent is encouraged to involve staff, students, and volunteers and parents/guardians in the review process.

Sexual Harassment of District Staff Prohibited

The procedure is intended to set forth the requirements of Policy 5011, including the process for a prompt, thorough, and equitable investigation of allegations of sexual harassment and the need to take appropriate steps to resolve such situations. If sexual harassment is found to have created a hostile environment, staff must take immediate action to eliminate the harassment, prevent its reoccurrence, and address its effects.

This procedure applies to sexual harassment (including sexual violence) targeted at district employees carried out by other students, employees or third parties involved in school district activities. The District has jurisdiction over these complaints pursuant to Title IX of the Education Amendments of 1972, Chapter 28A.640, RCW and Chapter 392-190 WAC.

Notice

Information about the District's sexual harassment policy will be easily understandable and conspicuously posted throughout each school building, provided to each employee and reproduced in each staff, volunteer, and parent handbook. In addition to the posting and reproduction of this procedure and Policy 5011, the District will provide annual notice to employees that complaints pursuant to this procedure may be filed at *1610 Blaine Street, Port Townsend, WA*.

Staff Responsibilities

In the event of an alleged sexual assault, the school principal will immediately inform: 1) the Title IX/Civil Rights Compliance Coordinator so that the District can appropriately respond to the incident consistent with its own grievance procedures; and 2) law enforcement. The principal will notify the targeted district staff person of their right to file a criminal complaint and a sexual harassment complaint simultaneously.

Confidentiality

If a complainant requests that their name not be revealed to the alleged perpetrator or asks that the District not investigate or seek action against the alleged perpetrator, the request will be forwarded to the Civil Rights Coordinator for evaluation. The Civil Rights Coordinator should inform the complainant that honoring the request may limit its ability to respond fully to the incident, including pursuing disciplinary action against the alleged perpetrator.

If the complainant still requests that their name not be disclosed to the alleged perpetrator or that the District not investigate or seek action against the alleged perpetrator, the District will need to determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students, staff and other third parties engaging in District activities, including the person who reported the sexual harassment. Although a complainant's request to have their withheld may limit the District's ability to respond fully to an individual allegation of sexual harassment, the District will use other appropriate means available to address the sexual harassment.

Retaliation

Title IX prohibits retaliation against any individual who files a complaint under these laws or participates in a complaint investigation. When an informal or formal complaint of sexual harassment is made, the District will take steps to stop further harassment and prevent any retaliation against the person who made the complaint, was the subject of the harassment, or against those who provided information as a witness. The District will investigate all allegations of retaliation and take actions against those found to have retaliated.

Informal Complaint Process

Anyone may use informal procedures to report and resolve complaints of sexual harassment. Informal reports may be made to any staff member. Staff will always notify complainants of their right to file a formal complaint and the process for same. Staff will also direct potential complainants to –Title IX Coordinator, 1610 Blaine St, Port Townsend WA 98368, 360.379.4511. Additionally, staff will also inform an appropriate supervisor or professional staff member when they receive complaints of sexual harassment, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

During the course of the informal complaint process, the District will take prompt and effective steps reasonably calculated to end any harassment and to correct any discriminatory effects on the complainant. If an investigation is needed to determine what occurred, the District will take interim measures to protect the complainant before the final outcome of the District's investigation (e.g., allowing the complainant to change academic or extracurricular activities or break times to avoid contact with the alleged perpetrator).

Informal remedies may include:

- An opportunity for the complainant to explain to the alleged harasser that their conduct is unwelcome, offensive or inappropriate, either in writing or face-to-face;
- A statement from a staff member to the alleged harasser that the alleged conduct is not appropriate and could lead to discipline if proven or repeated;
- A general public statement from an administrator in a building reviewing the district sexual harassment policy without identifying the complainant.
- Developing a safety plan;
- Separating staff person; or
- Providing staff and/or student training.

Informal complaints may become formal complaints at the request of the complainant, parent or guardian, or because the district believes the complaint needs to be more thoroughly investigated. The District will inform the complainant how to report any subsequent problems. Additionally, the District will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

Formal Complaint Process

Level One – Complaint to District

Anyone may initiate a formal complaint of sexual harassment, even if the informal complaint process is being utilized. At any level in the formal complaint process, the District will take interim measures to protect the complainant before the final outcome of the District's investigation. The following process will be followed:

Filing of Complaint

- All formal complaints will be in writing and will set forth the specific acts, conditions or circumstances alleged to have occurred and to constitute sexual harassment. The Title IX Coordinator may draft the complaint based on the report of the complainant for the complainant to review and approve. The superintendent or Title IX Coordinator may also conclude that the District needs to conduct an investigation based on information in their possession, regardless of the complainant's interest in filing a complaint.
- The time period for filing a complaint is one year from the date of the occurrence that is the subject matter of the complaint. However, a complaint filing deadline may not be imposed if the complainant was prevented from filing due to: 1) Specific misrepresentations by the District that it had resolved the problem forming the basis of the complaint; or 2) Withholding of information that the District was required to provide under WAC 392-190-065 or WAC 392-190-005.
- Complaints may be submitted by mail, fax, e-mail or hand-delivery to the Title IX Coordinator, 1610 Blaine St, Port Townsend WA 98368, 360.379.4511. Any District employee who receives a complaint that meets these criteria will promptly notify the Coordinator.

Investigation and Response

- The Title IX Coordinator will receive and investigate all formal, written complaints of sexual harassment or information in the coordinator's possession that they believe requires further investigation. The Coordinator will delegate their authority to participate in this process if such action is necessary to avoid any potential conflicts of interest. Upon receipt of a complaint, the Coordinator will provide the complainant a copy of this procedure.
- Investigations will be carried out in a manner that is adequate in scope, reliable and impartial. During the investigation process, the complainant and accused party or parties, if the complainant has identified an accused harasser(s), will have an equal opportunity to present witnesses and relevant evidence. Complainants and witnesses may have a trusted adult with them during any District-initiated investigatory activities. The school district and complainant may also agree to resolve the complaint in lieu of an investigation.
- When the investigation is completed, the Coordinator will compile a full written report of the complaint and the results of the investigation.

Superintendent Response

- The superintendent will respond in writing to the complainant and the alleged perpetrator within thirty (30) calendar days of receipt of the complaint, unless otherwise agreed to by the complainant or if exceptional circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the District will notify the complainant in writing of the reason for the extension and the anticipated response date. At the time the District responds to the complainant, the District must send a copy of the response to the office of the superintendent of public instruction.
- The response of the superintendent or designee will include: 1) a summary of the results of the investigation; 2) a statement as to whether a preponderance of the evidence establishes that the complainant was sexually harassed; 3) if sexual harassment is found to have occurred, the corrective measures the District deems necessary, including assurance that the District will take steps to prevent recurrence and remedy its effects on the complainant and others, if appropriate; 4) notice of the complainant's right to appeal to the school board and the necessary filing information; and 5) any corrective measures the District will take, remedies for the complainant (e.g., sources of counseling, advocacy and other support), and notice of potential sanctions for the perpetrator(s) (e.g., discipline).
- The superintendent's or designee's response will be provided in a language the complainant can understand and may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act of 1964. If the complaint alleges discriminatory harassment by a named party or parties, the coordinator will provide the accused party or parties with notice of the outcome of the investigation and notice of their right to appeal any discipline or corrective action imposed by the District.
- Any corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty (30) days after the superintendent's mailing of a written response, unless the accused is appealing the imposition of discipline and the District is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded. Staff may also pursue complaints through the appropriate collective bargaining agreement process or anti-discrimination policy.
- The District will inform the complainant how to report any subsequent problems. Additionally, the District will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

Level Two -Appeal to Board of Directors

Notice of Appeal and Hearing

- If a complainant disagrees with the superintendent's or designee's written decision, the complainant may appeal the decision to the District board of directors, by filing a written notice of appeal with the secretary of the board within ten (10) calendar days following the date upon which the complainant received the response.

5011P
Page 5 of 8

- The board will schedule a hearing to commence by the twentieth (20th) calendar day following the filing of the written notice of appeal, unless otherwise agreed to by the complainant and the superintendent or for good cause.
- Both parties will be allowed to present such witnesses and testimony as the board deems relevant and material.

Decision

- Unless otherwise agreed to by the complainant, the board will render a written decision within thirty (30) calendar days following the filing of the notice of appeal and provide the complainant with a copy of the decision.
- The decision will be provided in a language that the complainant can understand which may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act.
- The decision will include notice of the complainant's right to appeal to the Superintendent of Public Instruction and will identify where and to whom the appeal must be filed. The District will send a copy of the appeal decision to the office of the superintendent of public instruction.

Level Three - Complaint to the Superintendent of Public Instruction

Filing of Complaint

- If a complainant disagrees with the decision of the board of directors, or if the District fails to comply with this procedure, the complainant may file a complaint with the Superintendent of Public Instruction.
- A complaint must be received by the Superintendent of Public Instruction on or before the twentieth (20) calendar day following the date upon which the complainant received written notice of the board of directors' decision, unless the Superintendent of Public Instruction grants an extension for good cause. Complaints may be submitted by mail, fax, electronic mail, or hand delivery.
- A complaint must be in writing and include: 1) A description of the specific acts, conditions or circumstances alleged to violate applicable anti-sexual harassment laws; 2) The name and contact information, including address, of the complainant; 3) The name and address of the District subject to the complaint; 4) A copy of the District's complaint and appeal decision, if any; and 5) A proposed resolution of the complaint or relief requested. If the allegations regard a specific student, the complaint must also include the name and address of the student, or in the case of a homeless child or youth, contact information.

Investigation, Determination and Corrective Action

- Upon receipt of a complaint, the Office of the Superintendent of Public Instruction may initiate an investigation, which may include conducting an independent on-site review. OSPI may also investigate additional issues related to the complaint that were not included in the initial complaint or appeal to the superintendent or board.

- Following the investigation, OSPI will make an independent determination as to whether the District has failed to comply with RCW 28A.642.010 or Chapter 392-190, WAC and will issue a written decision to the complainant and the District that addresses each allegation in the complaint and any other noncompliance issues it has identified. The written decision will include corrective actions deemed necessary to correct noncompliance and documentation the district must provide to demonstrate that corrective action has been completed.
- All corrective actions must be completed within the timelines established by OSPI in the written decision unless OSPI grants an extension. If timely compliance is not achieved, OSPI may take action including but not limited to referring the district to appropriate state or federal agencies empowered to order compliance.

A complaint may be resolved at any time when, before the completion of the investigation, the district voluntarily agrees to resolve the complaint. OSPI may provide technical assistance and dispute resolution methods to resolve a complaint.

Level Four - Administrative Hearing

A complainant or school district that desires to appeal the written decision of the Office of the Superintendent of Public Instruction may file a written notice of appeal with OSPI within thirty (30) calendar days following the date of receipt of that office's written decision. OSPI will conduct a formal administrative hearing in conformance with the Administrative Procedures Act, Chapter 34.05, RCW.

Mediation

At any time during the complaint procedure set forth in WAC 392-190-065 through 392-190-075, a District may, at its own expense, offer mediation. The complainant and the District may agree to extend the complaint process deadlines in order to pursue mediation.

The purpose of mediation is to provide both the complainant and the District an opportunity to resolve disputes and reach a mutually acceptable agreement through the use of an impartial mediator. Mediation must be voluntary and requires the mutual agreement of both parties. It may be terminated by either party at any time during the mediation process. It may not be used to deny or delay a complainant's right to utilize the complaint procedures.

Mediation must be conducted by a qualified and impartial mediator who may not: 1) Be an employee of any school district, public charter school, or other public or private agency that is providing education related services to a student who is the subject of the complaint being mediated; or 2) Have a personal or professional conflict of interest. A mediator is not considered an employee of the district or charter school or other public or private agency solely because he or she serves as a mediator.

If the parties reach agreement through mediation, they may execute a legally binding agreement that sets forth the resolution and states that all discussions that occurred during the course of mediation will remain confidential and may not be used as evidence in any subsequent complaint, due process hearing or civil proceeding. The agreement must be signed by the complainant and a District representative who has authority to bind the district.

Training and Orientation

A fixed component of all district orientation sessions for staff, students and regular volunteers will introduce the elements of this policy. Staff will be provided information on recognizing and preventing sexual harassment. Staff will be fully informed of the formal and informal complaint processes and their roles and responsibilities under the policy and procedure.

Certificated staff will be reminded of their legal responsibility to report suspected child abuse, and how that responsibility may be implicated by some allegations of sexual harassment. Regular volunteers will get the portions of this component of orientation relevant to their rights and responsibilities.

Students will be provided with age-appropriate information on the recognition and prevention of sexual harassment and their rights and responsibilities under this and other district policies and rules at student orientation sessions and on other appropriate occasions, which may include parents.

As part of the information on the recognition and prevention of sexual harassment staff, volunteers, students and parents/guardians will be informed that sexual harassment may include, but is not limited to:

- Demands for sexual favors in exchange for preferential treatment or something of value;
- Stating or implying that a person will lose something if they do not submit to a sexual request;
- Penalizing a person for refusing to submit to a sexual advance, or providing a benefit to someone who does;

PORT TOWNSEND SCHOOL DISTRICT NO. 50

PERSONNEL

Drug-Free Schools, Community and Workplace

The Board has an obligation to staff, students and community members to take reasonable steps to assure safety in the workplace and for the students whom the staff serves.

“The workplace” is defined to mean the site for the performance of work done, which includes work done in connection with a federal grant. The workplace includes any school building or any school property; any district-owned vehicle or any other district-approved vehicle used to transport students to and from school or school activities; off district property during any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district, which could also include where work on a federal grant is performed.

Prohibited Behavior

To help maintain a drug-free school and workplace, the Board declares that the following behaviors will not be tolerated:

- A. Reporting to work under the influence of alcohol, illegal and/or controlled substances including marijuana (cannabis).
- B. Using, possessing, transmitting alcohol, illegal and/or controlled substances including marijuana (cannabis) and anabolic steroids, in any amount or in any manner, on district property at any time in the workplace.
- C. Any staff member convicted of a felony attributable to the use, possession or sale of illegal and/or controlled substances including marijuana (cannabis) will be subject to disciplinary action, including immediate termination.
- D. Using district property or the staff member’s position within the district to make or traffic alcohol, illegal and/or controlled substances, including marijuana (cannabis) and anabolic steroids.

Notification Requirements

Any staff member who is taking prescribed or over-the-counter medications will be responsible for consulting the prescribing physician and/or pharmacist to ascertain whether the medication may interfere with the safe performance of their job. If the use of a medication could compromise the safety of the staff member, other staff members, students or the public, it is the staff member’s responsibility to use appropriate personnel procedures (e.g., use leave, request change of duty, or notify his/her supervisor of potential side effects) to avoid unsafe workplace practices. If a staff member notifies their supervisor that the use of medication could compromise the safe performance of their job, the supervisor, in conjunction with the district Human Resources Department, then will determine whether the staff member can remain at work and whether any work restrictions will be necessary.

As a condition of employment, each employee shall notify their supervisor of a conviction under any criminal drug statute violation occurring in the workplace. Such notification will be provided no later than five (5) days after such conviction. The district will inform the federal granting

agency within ten (10) days of such conviction, regardless of the source of the information.

Disciplinary Action

Each employee will be notified of the district’s policy and procedures regarding employee drug activity at work. Any staff member who violates any aspect of this policy may be subject to disciplinary action, which may include termination. As a condition of eligibility for reinstatement, an employee may be required to satisfactorily complete a drug rehabilitation or treatment program approved by the district, at the employee’s expense. Nothing in this policy will be construed to guarantee reinstatement of any employee who violates this policy, nor does the district incur any financial obligation for treatment or rehabilitation ordered as a condition of eligibility for reinstatement.

The district may notify law enforcement agencies regarding a staff member’s violation of this policy at the district’s discretion or take other actions as it the district deems appropriate.

PERSONNEL

Maintaining Professional Staff/Student Boundaries

Purpose

The purpose of this policy is to provide all staff, students, volunteers and community members with information about their role in protecting children from inappropriate conduct by adults. This policy applies to all district staff and volunteers. For purposes of this policy and its procedure, the terms “district staff,” “staff member(s),” and “staff” also include volunteers.

General Standards

The Board expects all district staff to maintain the highest professional standards when they interact with students. District staff are required to maintain an atmosphere conducive to learning, by consistently maintaining professional boundaries.

Professional staff/student boundaries are consistent with the legal and ethical duty of care that district employees have for students.

The interactions and relationships between district staff and students should be based upon mutual respect, trust, and commitment to the professional boundaries between staff and students in and outside of the educational setting, and consistency with the educational mission of the district.

District staff will not intrude on a student’s physical and emotional boundaries unless the intrusion is necessary to serve demonstrated educational purpose. An educational purpose is one that relates to the staff member’s duties in the district. Inappropriate boundary invasions can take various forms. Any type of sexual conduct with a student is an inappropriate boundary invasion.

Additionally, staff members are expected to be aware of the appearance of impropriety in their own conduct and the conduct of other staff when interacting with students. Staff members will notify and discuss issues with their building administrator or supervisor whenever they suspect or question whether their own or another staff member’s conduct is inappropriate or constitutes a violation of this policy.

The Board recognizes that staff may have familial and pre-existing social relationships with parents or guardians and students. Staff members should use appropriate professional judgement when they have a dual relationship with students to avoid violating this policy, the appearance of impropriety, and the appearance of favoritism. Staff members will pro-actively discuss these circumstances with their building administrator or supervisor.

Use of Technology

The school board supports the use of technology to communicate for educational purposes. However, when the communication is unrelated to school work or other legitimate school

business district staff are prohibited from communicating with students by phone, e-mail, text, instant messenger, or other forms of electronic or written communication. District staff members are prohibited from engaging in any conduct on social networking websites that violates the law, district policies or procedures, or other generally recognized professional standards. This prohibition includes prohibiting staff from “friending” and/or “following” students on social media.

Staff whose conduct violates this policy may face discipline and/or termination, consistent with the district’s policies and procedures, acceptable use agreement and collective bargaining agreements, as applicable. The superintendent/designee will develop protocols for reporting and investigating allegations and develop procedures and training to accompany this policy.

PERSONNEL

Maintaining Professional Staff/Student Boundaries

The purpose of this procedure is to provide all staff, students, volunteers and community members with information to increase their awareness of their role in protecting children from inappropriate conduct by adults.

Many educators or volunteers who cross the line of professional boundaries may not consciously begin with a predatory motivation in mind. Instead, they allow themselves to develop a special relationship with a student that results in situations where their professionalism is compromised. Sometimes, this leads to sexual misconduct. All of this can be prevented by maintaining professional boundaries with students.

Educators, volunteers, students, parents, and other concerned adults are the key to stopping unprofessional conduct against students. Hence, the following information and guidance will help you protect students, the school, and the profession.

Reporting Violations

All school staff members or volunteers must promptly notify the supervisor of a staff member or volunteer suspected of engaging in boundary invasion toward a student.

Staff members should:

- Not wait before reporting suspicious behavior or try to determine whether there is an innocent explanation;
- Not confront or discuss the matter with the staff member at issue with anyone else, but maintain confidentiality to protect privacy and avoid rumors; and
- Document for their own records that they notified an administrator, including to whom and what they reported.

Students and their parents/guardians are strongly encouraged to notify the principal (or other administrator) if they believe a staff member or volunteer may be engaging in inappropriate boundary invasion conduct with a student.

Boundary Invasion

A boundary invasion is an act or pattern of behavior by a staff member or volunteer that does not have a bonafide health, safety, or educational purpose for the student. Such situations are the opposite of maintaining professional boundaries with students. Staff members and volunteers will not engage in boundary invasions of students, which include, but are not limited to, the following:

- Any type of inappropriate physical or sexual conduct with a student or any other conduct that violates the Board's policies regarding student welfare, the educational environment, or conduct toward current or former students. Inappropriate physical conduct includes hugging, kissing, or being "overly touchy" with students without any legitimate educational or professional purpose;

- Showing intimate or unduly revealing photos to a student or asking a student to provide intimate or unduly revealing photos; taking inappropriate photographs of a student, or taking an inordinate number of photographs of a student;
- Any kind of flirtatious or sexual communications with a student;
- Singling out a particular student or students for personal attention and friendship beyond the professional staff/student relationship. This includes, but is not limited to, favoring one or more students with special privileges, allowing them to remain in the classroom during non-class times, unilaterally removing a student from another class or activity, or engaging in “peer like” behavior with one or more students;
- Providing alcohol, drugs or tobacco to students or failing to report their use of these substances;
- For non-guidance/counseling staff, allowing or encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, staff members will refer the student to appropriate guidance/counseling staff. In either case, staff involvement should be limited to a direct connection to the student’s school performance;
- Sending students on personal errands unrelated to any educational purpose;
- Banter, allusions, jokes or innuendos of a sexual nature with students;
- Favorably commenting on a student’s appearance if it is unduly revealing or if the comments have no educational value;
- Disclosing personal, sexual, family, employment concerns, or other private matters to one or more students;
- Addressing students, or permitting students to address staff members or volunteers with personalized terms of endearment, pet names, or otherwise in an overly familiar manner;
- Maintaining personal contact (including “friending” or “following”) with a student on any social networking application or device;
- Sending phone, e-mail, text, digital messaging, or other forms of written or electronic communication to students when the communication is unrelated to school work or other legitimate school business. If staff members have educational or legitimate school business to conduct, they will include a parent/guardian and a school administrator in the communication. If staff members receive a student’s communication, the staff member will reply by including the student’s parent/guardian and an administrator. Staff members should use school e-mail addresses and phone numbers and the parents’/guardians’ phone numbers for communications with students, except in an

emergency situation;

- Exchanging or providing personal gifts, cards or letters with an individual student;
- Socializing or spending time with students (including but not limited to activities such as going out for beverages, meals or movies, shopping, traveling, and recreational activities) outside of school-sponsored events, except as participants in organized community activities;
- Giving a student a ride alone in a vehicle in a non-emergency situation or failing to timely report that occurrence;
- Providing a student with information or views about other students or staff members without a legitimate professional purpose;
- Asking a student to keep a secret or not to disclose any inappropriate communications or conduct;
- Unnecessarily invading a student's privacy, (e.g. walking in on the student in the bathroom or a hotel room on a field trip);
- Being alone with an individual student out of the view of others; and/or
- Any home visits unless other adults are present, the student(s) are invited for an activity related to school, and the student's parent/guardian and an administrator are informed and have consented.

Investigation and Documentation

When an administrator receives information that a boundary invasion has occurred or might have occurred, the administrator must document, in writing, the concern and provide a copy of the documentation to the director of human resources. The director of human resources will see that the matter is investigated and documented, and if boundary invasions have occurred without a legitimate educational or safety purpose, that appropriate action is taken and documented. The director of human resources will maintain a file documenting reports, letters of direction, and discipline relating to professional boundary investigations.

Reminder About Reporting Sexual Abuse

In some situations, the person engaging in boundary invasions with a student may also have engaged in child abuse or sexual abuse, which is defined in Board Policy 3421 Child Abuse, Neglect, and Exploitation Prevention. Remember that according to law (RCW 26.44.020) and Board Policy 3421, all school personnel who have reasonable cause to believe that a student has experienced sexual abuse by an adult or student are required to make a report to Child Protective Services and/or law enforcement. (See Board Policy 3421.) Reporting suspected abuse to the building principal or supervisor does not relieve professional school personnel from their reporting responsibilities and timelines.

Disciplinary Action

Staff member or volunteer violations of this policy may result in disciplinary action up to and including dismissal. Violations of this policy may occur by ignoring professional boundaries as well as failing to report another staff member or volunteer who is ignoring professional boundaries. In any disciplinary situation, the Superintendent should consider whether the conduct violates the Code of Professional Conduct in Chpt. WAC 181-87 and whether a report to the Office of Professional Practices is warranted. Violations involving sexual or other abuse will also result in referral to Child Protective Services and/or law enforcement in accordance with the board's policy on Reporting Child Abuse and Neglect.

Training

All new staff members and volunteers will receive training on appropriate staff /student boundaries within three months of employment or beginning of service. Such initial training may be on-line training. Site administration and classified employee supervisors will see to it that more detailed, live training covering this entire procedure will occur every two (2) years for all schools and work sites. Site administration and classified employee supervisors will also address professional boundaries at staff meetings early in the year.

Dissemination of Policy and Reporting Protocols

This policy and procedure will be included on the district website and in all employee, student and volunteer handbooks. Annually, all administrators and staff will receive copies of the district's reporting protocol. The district will also provide a copy of this policy and procedure to students and their parents/guardians during each school year.
