November 18, 2019

Blue Heron Middle School strives to provide a quality education for every child. To this end, we will establish partnerships with parents and with the community. Everyone gains if Blue Heron Middle School and families work together to fulfill our school mission and vision: *We are committed to raising the level of student learning so Blue Heron students will have equitable access to learning opportunities that foster growth through the use of 21st-century skills to become contributing citizens.*

Blue Heron Teachers will:

- Plan and deliver lessons that are aligned with state standards and that specifically engage and challenge students at this level of development.
- Clearly explain expected learning targets and success criteria to students every day and check regularly for learning to inform instructional decisions.
- Provide frequent and timely feedback to students to improve learning.
- Communicate student progress to parents regularly, through phone calls, email, progress reports, student-parent/guardian-teacher conferences, etc.
- Provide opportunities for before and after school assistance and enrichment.
- Collaborate with colleagues around student progress using a data driven process to continually reflect and improve upon our practice.
- Implement best practices focused on the unique needs of middle schoolers in the areas of instruction, discipline and social emotional learning.
- Build positive and encouraging relationships with our students so that each student feels valued at school.

Blue Heron Students will:

- Come to school every day, on time.
- Actively engage in classes and complete assigned tasks.
- Self-advocate and ask questions when you don't understand.
- Participate in tutoring and enrichment opportunities before and after school, and on Wednesday afternoons to get extra help as needed.
- Maintain healthy eating and sleeping habits.

Blue Heron Parents/Guardians will:

- Ensure your child arrives to school every day on time, well-rested, and well-nourished.
- Provide a quiet place for your child to study, read, and do homework.
- Ask to see your child's planner and monitor your child's academic progress and attendance via Skyward Family Access.
- Monitor computer use and social networking. Teach your child appropriate use of their cell phone, especially related to text messaging and electronic communication.
- Ask for help if your family needs assistance-we are your partner in your child's education.
